Cobb's Welding and Metal Fabrication LLC

CAPABILITY STATEMENT

625 E County Road 44, Eustis, FL 32726 · Text 352-530-7750 · cobbsweldingandfab@gmail.com · cobbswelding.com

Florida LLC L22000396812 (active, est. 2022) · Mon 8–3:30, Tue–Fri 8–5 · Emergency service available · Contact by text or email

CORE CAPABILITIES

- Structural and miscellaneous steel: embeds, plates, brackets, stairs, ladders, platforms, handrail and guardrail, built to approved drawings
- CNC plasma cutting (4×8 and 5×10 tables): production parts, gussets, brackets, signage, custom plate
- Aluminum and stainless TIG; MIG, flux-core and stick on carbon steel
- Press brake forming, tube bending, ironworker punching and shearing, saw and torch cutting
- Utility and water/wastewater fabrication: splitter and weir boxes, ladders, bar screens, deflector plates, stainless brackets, pipe supports
- Equipment, trailer, truck and heavy-equipment weld repair, in the shop or in the field with a portable rig
- Ornamental gates, railings and custom fabrication

PAST PERFORMANCE

- Awarded vendor, Central Florida school district welding and fabrication services contract (2025–present)
- Structural and miscellaneous steel for parking-garage construction
- Fabrication for wastewater treatment plant and utility projects for utility contractors
- After-hours emergency field weld repair at a water treatment plant (2026)
- Owner's prior experience: welder in Central Florida precast/prestressed concrete (embeds, connection hardware, plant repair)

References available on request.

DIFFERENTIATORS

- Owner-operated: the person who quotes the job welds it
- AWS D1.1 structural code experience on inspected commercial work
- Insured (general liability); certificate of insurance and W-9 on request
- Clear written quotes and scope; repeat and batch pricing available
